The Alumni Club of the Faculty of Natural Sciences and Engineering, Chair of Information and Graphic Technology, of the Department of Textiles, Graphics and Design brings together graduates of all generations who have ever graduated from this department. At free professional, social and sporting events and meetings, you will meet successful people, gain new knowledge and new acquaintances through which you can expand your social networks and create new opportunities to develop your career. We invite you to stay in touch with the faculty after you graduate and join the NTF-OTGO-KIGT Alumni Club.

Dear colleague,

-

As part of the University of Ljubljana, the Faculty of Natural Sciences and Engineering would like to strengthen relations and cooperation with its graduates. Therefore, we invite you to visit the overarching web portal of the University of Ljubljana Alumni UL.

On the Alumni UL web portal, which unites all University of Ljubljana alumni clubs and their members, you can find former classmates, pass on your knowledge to future generations, browse published job offers, find new business opportunities or learn about some of the benefits that University of Ljubljana alumni enjoy at our partner organisations.

Expand your circle of acquaintances and join your colleagues on the new web portal Alumni UL:

[APPLICATION for membership in the Alumni Club NTF-OTGO-KIGT of the University of Ljubljana on the web portal Alumni UL](#)

Together we will be even stronger.

Best regards!
