

Assoc. of SLO Societies in Croatia

NTF > IGT > Nace Pušnik > PROJECTS > 2018/2019 > **Assoc. of SLO Societies in Croatia**

In cooperation between the Association of Slovene Societies in Croatia and course Information Design (undergraduate level of graphic and interactive communications) assignment of preparing new logotype was established. Students in groups made proposals for refurbished and updated logos. The choice of the new logo, with which the Association of Slovenian Societies in Croatia will be represented, will be known in September. We put suggestions on the display.
