## Colour interpretation of proverbs

To celebrate the International colour day, students of Graphic and Interactive Communications at the University of Ljubljana, Faculty of Natural Sciences and Engineering were challenged to use a colour palette of four colour swatches to illustrate a proverb. Those colour palettes in the gallery below present their interpretation of proverbs and reflect the emotions that arose from the proverb mes... [read more](#)

## Proverbs in colours

To celebrate the International colour day, students of Graphic and Interactive Communications at the University of Ljubljana, Faculty of Natural Sciences and Engineering were challenged to use a colour palette of four colour swatches to illustrate a proverb. The colour palettes in the gallery below present their interpretation of proverbs and reflect the emotions that arose from the proverb messa... [read more](#)
