

GWG video tutorials 23/24

[NTF](#) > [IGT](#) > [GWG video tutorials 23/24](#)

In the 2023/24 academic year, the first-year students of the Graphic and Interactive Communications and Graphic and Media Technology programmes once again took part in an international project in collaboration with the Faculty of Natural Sciences and Engineering and the international graphics association [Ghent Dostopnost Workgroup \(GWG\)](#). The aim of the project, called "GWG video tutorials", is to deal with and present the topics of [PL](#) and PDF/X in an interesting, different and simple way. In a total of 26 videos, the students presented their [vi](#) and understanding of the topic in a unique way.

- [The project took place under the mentorship of Prof Dr Raša Urbas.](#)
