This year 2014/2015 15 students, at subject Packaging 1 and 2, under the supervision of assistant professor Urška Vrabič Brodnjak and Matej Pivar, received certificates from Engview Systems JSC for the best created package. During the four-month course EngView's packaging design software helped the young professionals in their everyday tasks related to developing smart and innovative packaging.

This year task was to create smart packaging for food, taking into account the sensibility for each product. The design should also be prepared in accordance to labelling and EU directives. Winning packages are exhibited at the Faculty for Natural Sciences and Engineering, Department of Textiles, Graphic Arts and Design in 2nd floor, at Snežniška 5, Ljubljana.
