ERASMUS+ STUDENT MOBILITY

Details on study programmes at the Faculty of Natural Sciences and Engineering can be found at the below listed pages:

- [Geology](#)
- [Geotechnology Mining and Environment](#)
- [Materials and Metallurgy](#)
- [Textile and Fashion Design](#)
- [Textile](#)
- [Graphic Arts Technology](#)

ERASMUS+ COORDINATORS+

Faculty coordinator

Ms Majda Štrakl

e-mail: majda.strakl@ntf.uni-lj.si

Geology

assist. prof. dr. Luka Gale

e-mail: luka.gale@ntf.uni-lj.si

Geotechnology, Mining and Environment

assist. prof. dr. Jože Kortnik

e-mail: joze.kortnik@guest.arnes.si

Graphic Arts

prof. dr. Klementina Možina

e-mail: klementina.mozina@ntf.uni-lj.si

Materials and Metallurgy

assist. prof. dr. Matjaž Knap

e-mail: matjaz.knap@ntf.uni-lj.si

Textile and Fashion Design

prof. Marija Jenko

e-mail: marija.jenko@ntf.uni-lj.si

Textile

assist. prof. dr. Mateja Kert

e-mail: mateja.kert@ntf.uni-lj.si

Courses in English language in 2018/19 study year+

1st cycle studies:

Autumn semester:

[Modelling and simulations](#) – department of geotechnology, environment and mining

[Production planning and management](#) – chair of textile and clothing engineering

[Thermodynamics of materials](#) – department of materials and metallurgy

[Information sources and the methodology of the thesis work](#)

[Interactive systems 1](#) – chair of information and graphic arts technology

Spring semester:

[Basics of 3D modelling](#) – chair of information and graphic arts technology

[Karst Geology](#) – department of geology

[Information sources](#) – chair of information and graphic arts technology

2nd cycle studies:

Autumn semester:

[Aluminium technologies](#) – department of materials and metallurgy

[Artistic photography](#) – chair of information and graphic arts technology

[Chemical Functionalisation of Textiles](#) – chair of textile and clothing engineering

[High Performance Fibres](#) – chair of textile and clothing engineering

[Interactive Media 2](#) – chair of information and graphic arts technology

[Mechanical Functionalisation of Textiles](#) – chair of textile and clothing engineering

[Micropaleontology](#) – department of geology

[Thermodynamics of Materials 2_](#) – department of materials and metallurgy

Spring semester:

[Geomodelling](#) – department of geology

[Geohazard and Protection from Natural Disasters](#) – department of geology

[Technical Mineralogy](#) – department of geology

For other courses individual consultations will be available in accordance with lecturers.
