ERASMUS+ MOBILITY PROGRAMME

[Erasmus+](#) is a seven-year programme supported by the European Union. The guiding principle of the programme is to improve the level of education, know-how, skills and creativity, which are the cornerstones of the European knowledge society. Erasmus+ provides young people, students and adults with experience and new skills during their studies, training or volunteer work abroad. At the same time, the programme will lend support to institutions and organisations in terms of cooperating with similar institutions in other countries in order to encourage innovation and update teaching practices and youth work.

The Erasmus+ programme rests on five key pillars:

- Key Action 1 (KA1): Learning Mobility of Individuals;
- Key Action 2 (KA2): Cooperation for Innovation and the Exchange of Good Practices;
- Key Action 3 (KA3): Support for Policy Reform;
- the Jean Monnet programme and
- the Sports programme.

The [International office at the University of Ljubljana](#) is responsible for the implementation of KA 1.
