

# Publishing OMM

[NTF](#) › [NTF](#) › [Publishing](#) › [Publishing OMM](#)

When discussing publishing activities, it is worth mentioning that some departments also publish their own professional journals. The oldest such journal published by the Faculty is the *Mining and Metallurgy Quarterly (Rudarsko-metalurški zborniki)*, which first started being published regularly in 1953; today, four issues are published annually. In 1998, it changed its name to *RMZ – Materials and Geoenvironment (RMZ – Materiali in geookolje)*. The journal *Geološki zbornik*, which is issued once in two years, is published by the Department of Geology. The *Tekstilec journal*, which has been regularly published since 1958, has been issued by the Department of Textiles, Graphic Arts and Design since 2007. Four volumes are released each year.

## **RMZ – Materials and Geoenvironment (RMZ – Materiali in geookolje)**

(ISSN: 1408-7073 printed, 0035-9645 digital), abbreviated: RMZ – M&G.

RMZ – M&G is the only scientific and technical journal in Slovenia that has been published for over 60 years and combines scientific and technical topics related to geology, the geoenvironment, mining, geotechnology, materials and metallurgy. It offers insight into the development of theoretical, technical and development trends in the geosciences and material sciences both in Slovenia and abroad. RMZ – M&G publishes original and well thought-out scientific and technical articles as well as prior publications exclusively in English. Additionally, the journal is happy to accept reviews of other publications (books, monographs, etc.), obituaries, In memoriam texts, presentations of scientific and professional events, short publications and professional replies to articles published in the RMZ – M&G in Slovenian and in English.
