# IAS-STS Fellowship Programme 2016/2017

September 2015

Dear Colleague:

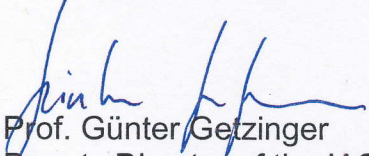

The Institute for Advanced Studies on Science, Technology and Society (IAS-STS) in Graz, Austria, offers five grants for fellowships starting 1 October 2016, ending 30 June 2017. These grants are dedicated for dissertations and post-doc research projects investigating the links and interactions between science, technology and society, as well as technology assessment and research on the implementation of socially and environmentally sound technologies.

For further information see [www.ias-sts.aau.at](http://www.ias-sts.aau.at).

We kindly ask that you post the enclosed poster on the notice board of your department or institute, and that you to forward this information to those who might be interested in a fellowship. If you need more posters do not hesitate to contact us!

The application for a grant must be submitted along with an application for a fellowship. All applications received before 31 December 2015 will be considered at the next meeting of the Scientific Advisory Board of the IAS-STS in March 2016. Please note that it is also possible to apply for a fellowship without a grant, or to apply for a short-term fellowship (Visiting Scholars).

Kind regards,

  
Prof. Günter Getzinger  
Deputy Director of the IAS-STS

Enclosure: Poster of the IAS-STS Fellowship Programme 2016/2017
