 - <https://support.logmeininc.com/gotomeeting/get-ready>

Background

Excellence in ReSTI, a project funded by the Interreg Danube Transnational Programme, aims at removing gaps in knowledge and skills in managing social and technological innovation projects.

The general goal is to create an environment in which interested stakeholders can find easy-to-use checklists, learning modules and advice with a specifically tailored content regarding the management of these projects.

One important step on the way to create an innovative learning system will be the **ReSTI Infodesk**. This online tool has been established in order to provide a first contact point for interested individuals seeking for information related to the management of social and technological innovation projects.

It comprises the following three sections:

- **Online form** - to submit inquiries such as questions related to:
 - Budget development
 - EU Grant Landscape and Funding Structures
 - Financial Management and Reporting
 - and much more ...
- **Knowledge base**
 - FAQs
 - Project management tools
 - Calls
 - Glossary
- **Self-tests** - helping to assess your knowledge on the following topics:
 - EU Policies
 - Project Design
 - Project Management
 - Social Innovation
 - Innovation in the Business Context
