**Subject:** Cooperation with CESIE – Civil protection call 2018

Dear Partner,

I'm writing on behalf of [CESIE](http://cesie.org), a European centre of studies and initiatives based in Palermo, Italy.

Our organisation is looking forward to cooperating with you, joining forces on new successful project ideas to be submitted under the [Call for proposals for prevention and preparedness projects in the field of civil protection and marine pollution 2018](#).

**CESIE** is a non-profit, apolitical, and non-governmental organisation established in 2001 in Palermo, Italy. CESIE has a wide experience in working both as coordinator and partner in projects funded under different programmes: Horizon2020, AMIF, ENPI CBC MED, DAPHNE, LLP, REC and Justice, EuropeAid, Erasmus+, etc.

We have gained valuable experience in:

- **management of volunteers** and knowledge in Integrated Disaster Management Systems (IDMS) among volunteers of the Civil Protection (CP) organisations, through the project [CiProVoT – Civil Protection Volunteers Training](#) [Erasmus+];
- responsible research and development of **innovative approaches** and tools that foster progress, through the project [FoTRRIS – Fostering a Transition towards Responsible Research and Innovation Systems](#) [Horizon 2020];

- supporting the **cooperation between public and private sectors** and engaging stakeholders in academic-industrial-business–governmental Regional Sustainable Development (RSD) network through the project [SEHSI – Regional sustainable development on the basis of eco-human synergetic interaction](#) [TEMPUS];
- elaboration and deployment of the **behavioural change strategy** and designing of accompany schemes for energy saving actions, through the project [Step By Step – Commitments towards energy saving](#) [Horizon 2020];
- enhancing the role of **civil society organizations** (CSOs) in national innovation processes, through the project [Tissu Associatif et Transfert de Connaissances](#) [ENPI– Cross-border Cooperation Programme Italy-Tunisia 2007-2013];

For a more comprehensive overview of our projects and activities, I invite you to visit our website:  
<http://cesie.org/en/initiatives/>

CESIE has a wide **network of partners** at the local level (actors involved in support of migrants, Regional Civil protection, etc), as well as **partners in the Neighbouring and EU pre-accession countries**.

In addition to this, CESIE can provide an added value to your project in terms of know-how and experience in volunteers’ management, trainings programs, needs assessment tools and development of innovation.

#### **CESIE numbers:**

- 60 Internal [Staff](#) working at local level and through EU cooperation
- 150 External Experts (researchers, social workers, trainers, etc.)

#### **Networks:**

- 200+ organizations in CESIE International Network
- Local network including SMEs, public entities, CSOs, educational stakeholders, migrants’ and refugees’ centers, schools, associations, etc.
- Dissemination potential through a number of [networks](#).

Are you developing any project idea to be submitted under the upcoming civil protection call?  
 We would be glad to discuss with you a possible cooperation between our institutions, offering our support as a partner.

I look forward to hearing from you, and hope we will be able to establish a fruitful cooperation.

Greetings from Palermo,

**Francesca Vacanti** | Project Manager
