### DanuBioValNet

#### RoadMapping – Biobased Packaging Value Chain Workshop

In the name of the DanuBioValNet project, Ministry of Education, Science and Sport of Republic of Slovenia and Poly4EmI/Anteja ECG d.o.o. invites you to the Road Mapping Workshop on Biobased Packaging Value Chain, in the name of the partners of the. The aim of the workshop is to gather stakeholders (clusters, industry, academia, experts and policy makers) from Baden-Württemberg, Austria, Czech Republic, Croatia, Serbia, Slovenia and other Danube region countries into the discussion of future trends and gaps in the Biobased Packaging value chain with a focus on market and consumer needs in Danube region. Discussions will also address gaps in technology development, in new raw materials and new resources for biobased packaging and missing links by engaging consumers into new market development. The workshop outcomes will help to inform policy on how to improve conditions and support environment for raising the competitiveness and awareness along the biobased packaging value chain in the region.

The workshop is co-organized with Interreg Central Europe project BIOCOMPACK-CE, coordinated by National Institute of Chemistry Ljubljana, Slovenia. Event will be held in English.
