#### **Nov portal za iskanje razpisov v okviru evropskih programov**

Evropska komisija je objavila nov portal »Funding & Tender Opportunities Portal«, ki bo nadomestil trenutni »Participant Portal«. Postala bo enotna vstopna točka za iskanje in upravljanje Evropskih razpisov in javnih naročil. Portal vsebuje novo postavitev in je opremljen z izboljšano funkcijo iskanja ključnih besed. Novi portal ponuja vse funkcije, ki so bile na voljo na Participant Portalu. Vsebine na Participant Portalu ob koncu leta ne bodo več dostopne.

Povezava: [Funding & Tenders Opportunities Portal](#)

## RESEARCH PROFESSIONAL

Univerza v Ljubljani plačuje naročnino za Research Professional, informacijsko platformo, ki se ponaša z največjo bazo odprtih razpisov na svetu. V bazo je vključenih več kot 12.000 financerjev, ki dnevno objavijo več kot 350 **razpisov za raziskovanje, razvoj, izobraževanje, raziskovalne infrastrukture, potne stroške, nagrade in druge z raziskovanjem povezane možnosti**. Vsi raziskovalci, študentje in ostali zaposleni Univerze v Ljubljani imate **brezplačno možnost uporabe** omenjene platforme, preko katere si lahko nastavite svoje iskalne kriterije (znanstveno področje, tip dotacije, vir financiranja, rok prijave, višina financiranja itd.) ter iskalno nastavitve shranite. Tako lahko shranite neomejeno število iskanj in si nastavite možnost »ALERT«, s katero boste vsak petek prejeli tedensko svež elektronski izbor razpisov, ki ustrezajo vašim vnaprej nastavljenim iskalnim preferencam.

Spletna stran: <https://www.researchprofessional.com/>

Uporabnik se lahko registrira na naročniško verzijo programa samo iz računalnikov, ki so znotraj univerzitetnega omrežja. Preko gumba »REGISTER« (desno zgoraj) si izberete uporabniško ime in geslo. Če želite uporabljati program izven univerzitetnega računalniškega omrežja, morate biti registrirani, saj se vam pojavi samo možnost »SIGN IN«, ne pa »REGISTER«. V kolikor potrebujete dodatne informacije prosim sporočite na [euprojekti@uni-lj.si](mailto:euprojekti@uni-lj.si).

## PLATFORMA CROWDHELIX

Platforma CROWDHELIX je namenjena povezovanju akademskih institucij in podjetji pri oblikovanju kompetitivnih konzorcijev za pripravo projektov na razpise programa Obzorje 2020. Preko platforme, ki je razdeljena na različna tematska področja (*helixes*), lahko objavite vaše interese po sodelovanju ali pa poiščete že obstoječe iniciative oziroma konzorcije, ki iščejo partnerje z določeno ekspertizo. Trenutno je na platformi objavljenih 444 priložnosti z več kot 2200 uporabniki iz 287 aktivnih organizacij.

Univerza v Ljubljani plačuje letno članarino, zato se lahko raziskovalci in raziskovalke UL registrirajo brezplačno preko povezave: <https://www.crowdhelix.com/signup>

Kratek pregled platforme in njenih funkcionalnosti:

- Iskanje partnerskih ponudb po tematskih področjih
- Povezovanje akademskih institucij s podjetji
- Iskanje drugih priložnosti za sodelovanje
- Objava in iskanje tematskih dogodkov
- Izmenjava mnenj in priložnosti

**OBJAVLJENI RAZPISI****HORIZON 2020**

<b>H2020-SU-DS-2020 digital security, single stage – topics 2-4</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	27.8.2020
<b>Opis:</b>	<p>The European Commission Horizon 2020: Societal Challenges, under the secure societies – protecting freedom and security of Europe and its citizens work programme, invites proposals for its H2020-SU-DS-2020 digital security call. This supports projects concerned with user-friendly systems on cybersecurity, digital privacy and personal data protection, enabling an active participation of citizens and organisations to their own security, privacy and personal data protection. Proposals may address the following topics within cybersecurity, digital privacy and data protection:</p> <ul style="list-style-type: none"><li>• SU-DS02-2020 intelligent security and privacy management;</li><li>• SU-DS03-2020 digital security and privacy for citizens and small and medium enterprises and micro enterprises;</li><li>• SU-DS04-2020 cybersecurity in the electrical power and energy system (EPES) – an armour against cyber and privacy attacks and data breaches.</li></ul> <p>The total indicative budget is worth €68.8 million. Each successful proposal is expected to receive between €2m and €8m, although proposals for other amounts will also be considered.</p>
<b>Proračun:</b>	68.800.000 EUR

<b>2020 - H2020 - Shift2Rail JU call proposals 2020</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	21.4.2020
<b>Opis:</b>	<p>This call covers the following topics:</p> <ul style="list-style-type: none"><li>• S2R-CFM-IP1-01-2020: Demonstrators for the next generation of traction systems, smart maintenance, virtual validation and eco-friendly HVAC, and Technical research on battery and hydrogen powered regional trains (BEMU/HMU) (IP1/IP3)</li><li>• S2R-CFM-IP1-02-2020: Validation of new technologies for the TCMS</li><li>• S2R-CFM-IP2-01-2020: Completion of activities for Adaptable Communication, Moving Block, Fail safe Train Localisation (including satellite), Zero on site Testing, Formal Methods and Cyber Security</li><li>• S2R-CFM-IP3-01-2020: Research into optimised and future railway infrastructure</li><li>• S2R-CFM-IP4-01-2020: Enhancing IP4 Ecosystem</li><li>• S2R-CFM-IP5-01-2020: Formulation of the freight train of the future</li><li>• S2R-CFM-IPX-01-2020: Advanced Functions towards Autonomous Trains</li><li>• S2R-CFM-IPX-CCA-02-2020: Evolution of Railways System Architecture and Conceptual Data Model (CDM)</li><li>• S2R-OC-CCA-01-2020: Noise and Vibration (WA5)</li><li>• S2R-OC-IP1-01-2020: Support to Development of next generation of Traction systems (TD1.1)</li></ul>

	<ul style="list-style-type: none"> <li>• S2R-OC-IP1-02-2020: Network and end-device equipment for the validation of the next generation of TCMS (TD1.2)</li> <li>• S2R-OC-IP1-03-2020: Innovative technologies for Carbodies and Running Gear of the future (TD1.3 + TD 1.4)</li> <li>• S2R-OC-IP2-01-2020: Modelling of the Moving Block system specification and future architecture (TD2.3) + RAIM algorithms, Assessment Report and support for Railway Minimum Operational Performance Standards (TD2.4)</li> <li>• S2R-OC-IP2-02-2020: Study on alternative bearers and on communication protocols</li> <li>• S2R-OC-IP3-01-2020: Next Generation Track Transition Zones (TD3.4)</li> <li>• S2R-OC-IP3-02-2020: Technology Development for Railway Systems Asset Management (TD3.6)</li> <li>• S2R-OC-IP3-03-2020: Advanced tools and equipment: collaborative robots &amp; wearable mobile machines (TD3.8)</li> <li>• S2R-OC-IP4-01-2020: Supporting the implementation of the IP4 multi-modal transport ecosystem (iT4.7)</li> <li>• S2R-OC-IPX-01-2020: Innovation in guided transport</li> </ul>
<b>Proračun:</b>	75.450.00 EUR

<b>FET Proactive – Boosting emerging technologies</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	22.4.2020
<b>Opis:</b>	<p>As part of Horizon 2020's excellent science research and innovation priority, three calls for proposals are being launched to promote radical new technologies, under the FET Proactive pillar, which opens calls for a number of high-risk and potentially high innovative topics.</p> <ul style="list-style-type: none"> <li>• Neuromorphic computing technologies</li> <li>• FET Proactive: emerging paradigms and communities</li> <li>• Environmental Intelligence</li> </ul>
<b>Proračun:</b>	83.000.000 EUR

## JUSTICE

<b>Call for proposals 2020 - Justice Programme</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	2.4.2020
<b>Opis:</b>	<p>This call for proposals aims at contributing to achieving the objectives of the European Justice Strategy 2014-2020</p> <p>This call covers the following topics:</p> <ul style="list-style-type: none"> <li>• JUST-JACC-AG-2020: Call for proposals for action grants to support transnational projects to enhance rights of persons suspected or accused of crime and the rights of the victims of crime</li> <li>• JUST-JACC-EJU-AG-2020: Call for proposals for action grants to support national or transnational e-justice projects</li> </ul>

	<ul style="list-style-type: none"> <li>• JUST-JTRA-EJTR-AG-2020: Call for proposals for action grants to support transnational projects on training of justice professionals covering civil law, criminal law or fundamental rights</li> <li>• JUST-JCOO-AG-2020: Call for proposals for action grants to promote judicial cooperation in civil and criminal justice</li> </ul>
<b>Proračun:</b>	17.650.000 EUR

## RIGHTS, EQUALITY AND CITIZENSHIP PROGRAMME

Call for proposals 2020 - Rights, Equality and Citizenship Programme	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	1.4.2020
<b>Opis:</b>	<p>This call for proposals aims at contributing to achieving the objectives of the European e-Justice Strategy 2014-2020</p> <p>This call covers the following topics:</p> <ul style="list-style-type: none"> <li>• Call for proposals on capacity-building in the area of rights of the child (REC-RCHI-PROF-AG-2020)</li> <li>• Call for proposals to improve the awareness on EU citizenship rights and inclusion of mobile EU citizens and to support coordination among national authorities competent in electoral matters (REC-RCIT-CITI-AG-2020)</li> <li>• Call for proposals to prevent and combat all forms of violence against children, young people and women (REC-RDAP-GBV-AG-2020)</li> <li>• Call for proposals to promote the effective implementation of the principle of non-discrimination (REC-RDIS-DISC-AG-2020)</li> <li>• Call for proposals limited/restricted to National Roma Platforms (REC-RDIS-NRCP-AG-2020)</li> <li>• Call for proposals to prevent and combat racism, xenophobia, homophobia and other forms of intolerance and to monitor, prevent and counter hate speech online (REC-RRAC-RACI-AG-2020)</li> <li>• Call for proposals limited/restricted to national Data Protection Authorities on reaching out to stakeholders on the new data protection legislation (REC-RDAT-TRAI-AG-2020)</li> <li>• Call for proposals on closing gender gaps over the life-course (REC-RGEN-WWLB-AG-2020)</li> </ul>

## OTHER CALLS

Catalyst funding	
Več informacij:	<a href="#">Spletna stran razpisa</a>
Rok prijave:	6.4.2020
Opis:	<p>The Single European Sky ATM Joint Undertaking, under the engage programme, invites proposals for its catalyst funding. This aims to mature exploratory research further towards applications and operational contexts. Projects should address at least one of the following themes:</p> <ul style="list-style-type: none"> <li>• vulnerabilities and global security of the communication, navigation and surveillance, and air traffic management system;</li> <li>• data-driven trajectory problems;</li> <li>• efficient provision and use of meteorological information in air traffic management;</li> <li>• novel and more effective allocation markets in air traffic management.</li> </ul> <p>Other proposals for projects moving solutions closer towards industry goals and objectives and higher technology readiness levels are also considered, but priority is given to those aligned with the thematic challenges.</p> <p>Proposals may be submitted by a single entity or a consortium of between two and four entities. Each entity must be located in a country eligible to receive funding through H2020.</p> <p>Grants are worth up to €60,000 over one year. Funding may be used for hosting technical meetings, carrying out data analyses or a user requirements survey.</p>
Proračun:	60.000 EUR

7 <sup>th</sup> Fed4FIRE+ Competitive Call – Innovative Experiments Category “Large Experiments” with focus on “Cloud, big data and machine learning	
Več informacij:	<a href="#">Spletna stran razpisa</a>
Rok prijave:	18.2.2020
Opis:	<p>For the <b>feasibility check</b>, it is essential that the proposers get in contact with the Fed4FIRE partner in charge of the testbed(s) which will be used for the proposed experiment to discuss its feasibility within the Fed4FIRE federation and the related specific requirements. Each proposing party must therefore contact the Fed4FIRE consortium to identify a possible Patron by contacting us at <a href="mailto:contact@fed4fire.eu">contact@fed4fire.eu</a>. The proposing party must submit its draft proposal to the Patron by <b>18 February 2020, at 17:00 Brussels local time</b>.</p> <p><b>Financial information:</b></p> <ul style="list-style-type: none"> <li>• Total available funding for the Open Call : 200,000€</li> <li>• Maximum requested funding per experiment: 100,000€</li> <li>• The above mentioned amounts include the budget for the Fed4FIRE+ partner(s) acting as Patron for the experiment (max. € 5000 per experiment) .</li> </ul>

	<p><b>Eligibility:</b></p> <ul style="list-style-type: none"> <li>• Proposals will only be accepted from a single party eligible for participation in EC H2020-projects.</li> <li>• Proposers must come from parties or organisations that are not already part of the Fed4FIRE+ project consortium.</li> <li>• Proposers can submit multiple experiment proposals, but only one experiment per proposer will be selected for funding in this Call.</li> </ul> <p>Proposers who have submitted proposals in previous calls of the Fed4FIRE+ project are allowed to re-submit.</p>

<b>EU prize for women innovators</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	21.4.2020
<b>Opis:</b>	<p>The European Commission Horizon 2020: Science with and for Society invites applications for its EU prize for women innovators. This aims to raise awareness of the need for more female entrepreneurs and honour the achievements of female entrepreneurs running innovative companies.</p> <p>Female residents of an EU member state or H2020 associated country, may apply. Applicants must be founders or co-founders of an existing and active company registered before 1 January of the year previous to the contest.</p> <p>Up to four prizes are awarded. Three prizes, worth €100,000 each, are available. Additionally, one prize worth €50,000 is available for a young innovator under the age of 35.</p>
<b>Proračun:</b>	100.00 EUR.

<b>European food risk assessment (EU-FORA) fellowship programme – call for fellows</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	31.1.2020
<b>Opis:</b>	<p>The European Food Safety Authority invites applications for its call for fellows under the European food risk assessment (EU-FORA) fellowship programme. This enables early- to mid-career scientists to undertake a one-year placement at a hosting site organisation outside their current country of employment. Fellows are placed at another European organisation involved in food safety risk assessment and are fully integrated in the hosting organisation, participating in their work, gaining firsthand experience, and increasing their knowledge of many scientific aspects relevant to food safety risk assessment.</p> <p>Fellows must be nationals of an EU or EFTA member state. They must have a university level degree in a field relevant to food safety such as molecular biology, biology, microbiology, veterinary or human medicine, agronomy or agricultural science, biochemistry, chemistry, environmental science, food technology or toxicology. They must have a maximum of 15 years of experience in food safety related jobs.</p> <p>Fellows are awarded a certificate of participation, a monthly net subsistence allowance of €2,200, multiplied by the correction factor to national cost of living</p>

	for the 12 month duration of the fellowship, as well as one additional monthly allowance upon the start of the programme.
<b>Proračun:</b>	28.600 EUR

<b>The 4th call for TALENT Doctoral Fellowship Programme at the Faculty of Science, University of Copenhagen</b>	
--	--

<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	13.2.2020
<b>Opis:</b>	<p>TALENT is an international and interdisciplinary PhD programme co-funded by the European Union, offering 74 PhD scholarships in the natural and life sciences to be awarded and completed until 31 July 2023. The programme is conducted at the Faculty of Science of the University of Copenhagen, Scandinavia's largest science research and education institution covering a wide spectrum of research areas.</p> <p>The fourth and final call for applications for 25 PhD positions is now open and will close on 13 February 2020.</p> <p>MORE INFORMATION:</p> <ul style="list-style-type: none"> <li>• Further information on the TALENT website: <a href="https://talent.ku.dk/">https://talent.ku.dk/</a></li> <li>• Detailed information on the actual call (25 available positions) can be found on UCPH's job portal: <a href="https://employment.ku.dk/phd/?show=150920">https://employment.ku.dk/phd/?show=150920</a></li> <li>• For any questions, please contact: Ms Louise Thers Nielsen, E-mail: <a href="mailto:ltni@science.ku.dk">ltni@science.ku.dk</a></li> </ul>

<b>Fernandes Fellowships</b>	
------------------------------	--

<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Opis:</b>	<p>Supported by a generous donation to the University, the Fernandes Fellowships aim to develop lasting research collaborations between Warwick and Europe. Applications are now open for the second cohort of fellows.</p> <p>The Fellowships will allow those in research, tenure-track or early academic positions at European institutions to undertake a three-month visit to Warwick (possibly split over two or three visits) in order to develop long-term research collaborations by participating in a specific program of research and scholarship with their host and other collaborators, and engaging with the wider Warwick research community.</p> <p>The Fernandes Fellowships are open to researchers working in all subject areas, however applicants working in the following research fields are particularly welcomed:</p> <ul style="list-style-type: none"> <li>▪ Human disease, particularly reproductive health, antimicrobial resistance, cancer and ageing</li> <li>▪ Data, artificial intelligence and associated ethics</li> <li>▪ Economics, management, behavioural science and governance</li> <li>▪ Energy, sustainability, and circular economy</li> <li>▪ Analytical technologies for healthcare, life science and the environment</li> </ul>

The programme will run until December 2021 and in total 25 Fellowships are available over the three years of the programme.

The Fellowships will allow those in research, tenure-track or early academic positions at European institutions to undertake a three-month visit to Warwick (possibly split over two or three visits) in order to develop long-term research collaborations by participating in a specific program of research and scholarship with their host and other collaborators, and engaging with the wider Warwick research community.

The scheme is open to researchers who have less than 10 years postdoctoral experience and who are currently employed at a university or other research institute in any European country except the UK. Fellows will receive a stipend of £2,000 per month, travel costs of up to £1,000 and research, support and training costs of up to £3,000.

The fellowships will support researchers who are relatively early in their research career and who are currently employed in academic positions (first academic post, tenure track position or independent research fellow) at a university or other research institute in any non-UK EU or EEA country.

Applications are encouraged which support links with our partner universities in the EUTOPIA European University Alliance (Vrije Universiteit Brussel, the University of Gothenburg, l'Université Paris Seine, Pompeu Fabra University – Barcelona, and the University of Ljubljana)

Fellows must have less than 10 years postdoctoral experience (taken from the date given on the PhD certificate to the start date of the Fellowship).

The Fernandes Fellows must remain in the employment of their home institution during the Fellowship and will have Academic Visitor status at Warwick.

While there is no restriction on nationality, appropriate permission to work in the UK is required before taking up the Fellowship.

**Applications cannot be submitted independently by the potential Fellow.** Nominations and hosting of the Fellow are made permanent Warwick academic staff members (including probationary academic staff), who will also be responsible for the financial conduct of the Fellowship.

Fellows will receive;

- A stipend of £2,000 per month (to cover accommodation and subsistence)
- Travel costs (including visa fees) of up to £1,000
- Research, support and training costs of up to £3,000.

All expenditure must be in line with the University Financial Regulations.

## ERA NET

ERA-NET Cofund Urban Accessibility and Connectivity (ENUAC)	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a> in <a href="#">ARRS</a>
<b>Rok prijave:</b>	17.3.2020
<b>Opis:</b>	<p>The ERA-NET Cofund Urban Accessibility and Connectivity (ENUAC) call for proposals aims at creating and testing new solutions and approaches for sustainable urban mobility. With this shared ambition, 16 countries are pooling resources to implement a series of calls for research and innovation projects as well as accompanying measures to create highest impact. The joint calls and actions will focus on measures to improve urban accessibility and connectivity for all groups of society while moving towards more sustainable urban mobility systems.</p> <p>Projects within this call are expected to be co-creative and have strong stakeholder participation already from the start. The research should be based on actual urban challenges and the results should lead to new approaches, tools, instruments, insights and knowledge that will bring stakeholders closer to sustainable urban accessibility and connectivity. The project results are expected to make a clear contribution to the realisation of relevant urban, regional, national and European transport policy objectives that can help cities, urban residents, communities, businesses and institutions make the most use of new developments in urban mobility.</p>
<b>Proračun:</b>	22.500.000 EUR

## ERA PERMED

ERA PERMED Joint Transnational Call for Proposals	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a> in <a href="#">MIZŠ</a>
<b>Rok prijave:</b>	15.3.2020
<b>Opis:</b>	<p><b>ERA PerMed</b> is an ERA-NET Cofund, supported by 32 partners of 23 countries and cofunded by the European Commission (EC). To align national research strategies, promote excellence, reinforce the competitiveness of European players in Personalised Medicine (PM), and enhance the European collaboration with non-EU countries, 31 funding organisations have agreed to launch the third Joint Transnational Call for research projects in PM. This represents the second of three additional calls non-cofunded by the EC. The funding organisations participating in this call particularly wish to promote innovative interdisciplinary collaboration and to encourage translational research proposals. The available budget for this call is 27 Mio € (approx.).</p>

## TENDERS

<b>TENDER - Support for the creation of a multi-disciplinary innovations analysis for the energy transition</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	6.3.2020
<b>Opis:</b>	<p>The Directorate-General for Energy invites tenders for the creation of a multi-disciplinary innovations analysis for the energy transition. The tenderer will create a multi-disciplinary centre of expertise for the energy transition that monitors and analyses trends in technologies and innovations that are relevant for the energy transition, in the energy sector but also in other relevant sectors, in particular transport and mobility, industry, the digital sector and cities, homes and buildings.</p> <p>Legal and natural persons based in EU member states or countries authorised under the WTO procurement agreement may submit bids.</p> <p>The contract is worth €3 million over 38 months. The task will be performed on the contractor's premises, though meetings will be held on commission premises in Brussels.</p>
<b>Proračun:</b>	3.000.000 EUR

<b>TENDER - The role of energy taxation and prices for the clean energy transition in the context of sector integration and carbon border mechanisms – energy system modelling and future scenarios</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	10.2.2020
<b>Opis:</b>	<p>The Directorate-General for Energy invites tenders for a study on the role of energy taxation and prices for the lean energy transition in the context of sector integration and carbon border mechanisms – energy system modelling and future scenarios. The tenderer will carry out studies on the role of energy taxation and prices for the clean energy transition in the context of sector integration. This tender is divided into two lots:</p> <ul style="list-style-type: none"> <li>• lot 1 – impact of fiscal and non-fiscal charges on the energy system, worth €800,000;</li> <li>• lot 2 – impact of carbon border adjustments on the energy system, worth €400,000.</li> </ul> <p>Legal and natural persons based in EU member states or countries authorised under the WTO procurement agreement may submit bids.</p> <p>The contract is worth €1.2 million over 18 months.</p>
<b>Proračun:</b>	1.200.000 EUR

<b>TENDER - Management of psychosocial risks in European workplaces — qualitative evidence from the third European survey of enterprises on new and emerging risks</b>	
<b>Več informacij:</b>	<a href="#">Spletna stran razpisa</a>
<b>Rok prijave:</b>	13.3.2020

<b>Opis:</b>	<p>The European Agency for Safety and Health at Work invites tenders for its management of psychosocial risks in European workplaces — qualitative evidence from the third European survey of enterprises on new and emerging risks (ESENER-3) call. The tenderer will deliver a qualitative follow-up study of ESENER-3 including the factors that are associated with an effective management of psychosocial risks with a specific focus on the approaches taken by the micro and small enterprises. They will execute the following tasks:</p> <ul style="list-style-type: none"> <li>• select the countries to be included in the study and provide descriptions of the national contexts;</li> <li>• provide a study protocol to ensure that the data collected can be compared reliably;</li> <li>• carry out the fieldwork;</li> <li>• process, analyse and report the data collected.</li> </ul> <p>Legal and natural persons based in EU member states may submit bids.</p> <p>The contract is worth up to €400,000 for a period of 20 months.</p>
--------------	--

## NOVICE

### ➤ Informacije s področja veselja

Potekal je prvi sestanek odbora za opazovanje Zemlje, na katerem je bil narejen pregled stanja po ministrski konferenci. Glede na dober izkupiček na ministrski je vladalao precejšnje zadovoljstvo, kljub temu pa program Future EO ni bil 100% pokrit. To pomeni, da določene aktivnosti, ki so bile predstavljene v okviru programa, ne bodo izpeljane. Med DČ je bilo precej podpore novim vsebinam (AI, strojno učenje itd). Kot pogrešljive vsebine je bila največkrat izpostavljena EO4Africa, še posebej zaradi novega programa GDA, ki je namenjen predvsem aktivnostim na področju Afrike in Azije. Nekoliko vprašljive so lahko tudi aktivnosti povezane z HAPSi. Skoraj gotovo bo financirana samo ena Scout misija. DČ smo vabljeni, da tudi pisno podamo svoje ideje glede aktivnosti, ki bi jih lahko pogrešili oziroma za katere se nam zdi nujno potrebno, da so izvedene.

Predstavljeni so bili tudi rezultati ITT za ScoutMission, izbrane so 4 misije, septembra 2020 se bo izbralo eno misijo, ki bo razvita. Predstavljeni so bili tudi rezultati Open Call v okviru EOEP5. Ta isti koncept se bo nadaljeval tudi v naslednjem letu, vključeval bo EOEP5 in FEO, odpiranja pa bodo trikrat na leti in ne štirikrat. Delajo tudi na tem, da bi hitreje sporočali negativne odgovore. Več poudarka bodo dali brifingom, v primeru neizbire bo možno posvetovanje, na katerem bo moralo biti jasno navedeno, ali je kakšen smisle v ponovnem vlaganju ali ne.

Program CSC (Copernicus) je prejel mnogo več denarja kot je bilo zanj zaproseno. DČ so pozvale ESO,

naj določen delež sredstev nameni tudi povečanju sredstev za zemeljski del programa. V okviru EU pa trenutno stanje proračunskih pogajanj ni najbolj ugodno, saj je predlaganih sredstev manj kot je bilo pričakovano.

ESA je bila tudi opozorjena na težave z EMITSOM, ki v zadnjem času ne posreduje novih ITT ampak samo pojasnila. Upam, da bo ESA to težavo hitro uredila, v vmesnem času pa vas prosim, da to upoštevate in občasno pogledate na EMITS med nove ITT. Od 3. do 6. februarja v Kaliforniji potekal Smallsat Simpozij. Več od tem na povezavi: <https://2020.smallsatshow.com/>

### ➤ Pregled industrijskih raziskav in razvoja za leto 2019

Evropska komisija je konec decembra izdala "Pregled industrijskih raziskav in razvoja za leto 2019" [2019 Industrial R&D Investment Scoreboard](#). Podjetja v Evropski uniji so že deveto leto zapored povečala vlaganja v raziskave in razvoj (RR), vendar pod globalno stopnjo rasti. V letu 2018 so v raziskave in razvoj vložili 4,7% več. To rast vodijo avtomobilski, zdravstveni in IKT sektor.

Ob vse večji svetovni tehnološki dirki je najboljših 2500 industrijskih igralcev po vsem svetu lani povečalo naložbe v raziskave in razvoj za 8,9%. 17 od 50 najboljših vlagateljev v raziskave in razvoj prihaja iz EU. Rast naložb podjetij s sedežem v EU pa so prehiteli ameriški in kitajski kolegi: prvi so lani povečala naložbe v raziskave in razvoj za 10,3%, drugi za 26,7%.

### ➤ The ESPON 2020 Programme – What happened in 2019 and perspectives for 2020

Potekal je prvi sestanek odbora za opazovanje Zemlje, na katerem je bil narejen pregled stanja po ministrski konferenci. Glede na dober izkupiček na ministrski je vladalao precejšnje zadovoljstvo, kljub temu pa program Future EO ni bil 100% pokrit. To pomeni, da določene aktivnosti, ki so bile predstavljene v okviru programa, ne bodo izpeljane. Med DČ je bilo precej podpore novim vsebinam (AI, strojno učenje itd). Kot pogrešljive vsebine je bila največkrat izpostavljena EO4Africa, še posebej zaradi novega programa GDA, ki je namenjen predvsem aktivnostim na področju Afrike in Azije. Nekoliko vprašljive so lahko tudi aktivnosti povezane z HAPSi. Skoraj gotovo bo financirana samo ena Scout misija. DČ smo vabljeni, da tudi pisno podamo svoje ideje glede aktivnosti, ki bi jih lahko pogrešili oziroma za katere se nam zdi nujno potrebno, da so izvedene.

Predstavljeni so bili tudi rezultati ITT za ScoutMission, izbrane so 4 misije, septembra 2020 se bo izbralo eno misijo, ki bo razvita. Predstavljeni so bili tudi rezultati Open Call v okviru EOEP5. Ta isti koncept se bo nadaljeval tudi v naslednjem letu, vključeval bo EOEP5 in FEO, odpiranja pa bodo trikrat

na leti in ne štirikrat. Delajo tudi na tem, da bi hitreje sporočali negativne odgovore. Več poudarka bodo dali brifingom, v primeru neizbire bo možno posvetovanje, na katerem bo moralo biti jasno navedeno, ali je kakšen smisel v ponovnem vlaganju ali ne.

Program CSC (Copernicus) je prejel mnogo več denarja kot je bilo zanj zaproseno. DČ so pozvale ESO, naj določen delež sredstev nameni tudi povečanju sredstev za zemeljski del programa. V okviru EU pa trenutno stanje proračunskih pogajanj ni najbolj ugodno, saj je predlaganih sredstev manj kot je bilo pričakovano.

ESA je bila tudi opozorjena na težave z EMITSOM, ki v zadnjem času ne posreduje novih ITT ampak samo pojasnila. Upam, da bo ESA to težavo hitro uredila, v vmesnem času pa vas prosim, da to upoštevate in občasno pogledate na EMITS med nove ITT. Od 3. do 6. februarja v Kaliforniji potekal Smallsat Simpozij. ➤ **Objavljen je vodnik Erasmus+ za izvedence 2020**

Evropska komisija je objavila vodnik za izvedence, ki bodo v letu 2020 ocenjevali predloge projektov razpisov programa Erasmus+. Člani lahko več informacij o vodniku in kako postati izvedenec dobijo na SBRA.

➤ **Objavljeno je poročilo o varstvu intelektualne lastnine v tretjih državah**

Evropska komisija v novem poročilu o varstvu intelektualne lastnine v tretjih državah ugotavlja, da je bil od objave zadnjega poročila narejen napredek, a veliko je še treba narediti.

➤ **17 dodatnih zmagovalcev ERC Consolidated Grants**

Poleg 301 raziskovalcev v sredini kariere, ki so v letu 2019 prejeli ERC Consolidator Grants, je ERC danes razglasil še 17 zmagovalcev z rezervnega seznama tega tekmovanja. Prejeli bodo finančna sredstva v vrednosti do dveh milijonov EUR na projekt za izgradnjo lastnih raziskovalnih skupin in uresničevanje njihovih najboljših idej na mejah znanja. Skupaj bo 318 raziskovalcev tako prejelo približno 635 milijonov EUR.

Donacije za konsolidatorje ERC se podelijo izjemnim raziskovalcem katere koli narodnosti in starosti, z najmanj sedem in do dvanajst let izkušenj po doktoratu, in z velikim znanstvenim potencialom. Raziskave morajo potekati v javni ali zasebni raziskovalni organizaciji s sedežem v eni od držav članic EU ali pridruženih državah. Sredstva (v povprečju dva milijona EUR na donacijo) so zagotovljena do pet let in večinoma zajemajo zaposlitev raziskovalcev in drugega osebja za konsolidacijo štipendistov.

➤ **ERC objavil informacijo o svojem predhodnem načrtovanju razpisov za 2021–2022**

Evropski raziskovalni svet (ERC) je objavil informacijo o svojem predhodnem načrtovanju razpisov za predloge 2021–2022. Prizadeva si za nemoten prehod ERC na Obzorje Evropa (2021–2027). ERC v svojem zapisu predstavlja tudi prilagoditve, ki so del širšega postopka razmišljanja in prilagajanja, ki vključuje znanstveni svet in izvršno agencijo ERC.

Po navedbah ERC naj bi se vsi razpisi z enim upravičencem (Starting, Consolidator, Advanced Grants, PoC) začeli izvajati v letih 2021 in 2022, vendar se bodo njihovi datumi odpiranja in zapiranja premaknili tako, da se bodo prvi razpisi začeli izvajati januarja 2021. Znanstveni svet pričakuje, da se bo urnik razpisov vrnil na običajne časovne okvire za odpiranje in zapiranje do sredine 2022.

Spremenjeno načrtovanje najbrž ne bo vključevalo razpisa za donacijo za sinergijo v delovnem programu ERC 2021. Ta razpis bo verjetno ponovno vključen v delovni program 2022. Namen znanstvenega sveta je, da ta razpis začne poleti 2021 z rokom novembra istega leta. Pričakuje se, da kakršen koli premik v urniku razpisov ne bo vplival na obdobja upravičenosti kandidatov, ki se prijavijo na zagon ERC Start in Consolidator Grants.

Znanstveni svet ERC prav tako uvaja dva nova področja, enega o "človeški mobilnosti, okolju in vesolju" in o "Inženiring materialov". Nova struktura panela bi morala biti vzpostavljena leta 2021. Postopek ocenjevanja dodelinih donacij ERC je treba uskladiti s postopki, ki se uporabljajo za razpise za začetne in konsolidacijske donacije, tako da se v 2. koraku ocenjevanja uvedejo razgovori prosilcev.

### ➤ Sodelovanje Evropske vesoljske agencije (ESA) in Evropske obrambne agencije (EDA)

Evropska vesoljska agencija (ESA) in Evropska obrambna agencija (EDA) se lotevata novih projektov sodelovanja za raziskovanje neznanih in potencialno nevarnih okolij: izkoriščanje dronov za spremljanje prizadetih regij ali območij strupenih razlivov in uporaba umetne inteligence ( AI) za krmarjenje po površini asteroidov ali drugih neznanih terenov.

Ta dva nova projekta sta odobrila Svet ESA in usmerjevalni odbor EDA. So zadnja v dolgi zgodovini sodelovanja, ki jo je omogočil upravni dogovor ESA-EDA, prvotno je bil podpisan leta 2011 in je bil pred kratkim še drugič razširjen.

### ➤ Hrvaško predsedovanje EU

S 1. januarjem je polletno predsedovanje Svetu EU prevzela hrvaška. Hrvaški program predsedovanja zajema štiri tematske sklope, v katerih je poudarek na Evropi, ki se razvija, povezuje, varuje in je vplivna na globalni ravni. Na področju raziskav in inovacij bodo Hrvati skušali nadaljevati s pogajanjem in zaključevanjem dosjejev na področju Evropskega inštituta za tehnologijo (EIT), Obzorja Evropa, Euratoma in ITER.

Glavna prirriteta na področju raziskav in inovacij bosta kroženje možganov in službe prihodnosti. Na teh dveh področjih ne predvidevajo posebnih zaključkov Sveta, bodo pa organizirali vrsto konferenc in posvetovanj z deležniki. Na področju kroženja možganov se bodo osredotočili tako na mobilnost raziskovalcev in talentov znotraj EU kot tudi na privabljanje talentov izven EU ter ukrepe za zmanjševanje odliva možganov izven EU.

V času predsedovanja na področju raziskav načrtujejo štiri vodilne konference:

- Social Science and Humanities, 11-13 marec 2020, Opatija
- Zdravje, 6-8 April, Zagreb
- Week of Innovative Regions in Europe (WIRE), 22-24 Apri, Split
- Marie Skłodowska-Curie actions, 27-28 april, Zagreb
