**Zadeva:** FW: Guild RSO WG: H2020 coronavirus call open, and input needed for Green Deal call  
**Priloge:** FW: Text - 2nd call (379 KB)

Spoštovani,

Zaradi kratkega roka vam posredujemo informacijo o **današnjem** webinarju na temo razpisa **SC1-PHE-CORONAVIRUS-2020-2C - Behavioural, social and economic impacts of the outbreak response** in drugih razpisov na temo koronavirusa, ki bo potekal **ob 14h**. Vljudno prosimo, da informacijo čimprej posredujete vsem zainteresiranim.

Zraven lahko najdete tudi osnutek razpisa GreenDeal, za katerega do 3.junija sprejemajo prve povratne informacije.

Podrobnejše informacije lahko najdete v priponki in spodnjem sporočilu.

S spoštovanjem,

Univerza v Ljubljani

**Subject:** Guild RSO WG: H2020 coronavirus call open, and input needed for Green Deal call

To: RSO Working group  
CC: Institutional Liaisons

Dear Colleagues,

This is to share information about two timely Horizon 2020 calls that DG RTD has asked us to advertise:

**1. A call that was launched yesterday in Societal Challenge 1:**

**SC1-PHE-CORONAVIRUS-2020-2C - Behavioural, social and economic impacts of the outbreak response** dealing with social and economic impacts of the outbreak response across Europe, non-intended consequences of epidemic-control decisions, mental health and health inequalities. Results and policy recommendations coming out of this topic are expected to speed up recovery, strengthen society's resilience and improve preparedness for future emergencies. The total budget for this topic amounts to EUR 20 million and proposals requesting an EU contribution of between EUR 4 and 10 million are considered addressing the topic appropriately. The deadline for the submission of proposals is **11 June 2020**.

**There is a webinar today at 14.00 about this and other coronavirus calls 14.00 to 16.30. The webinar will be webcast and recorded. You can watch it via this link: <https://webcast.ec.europa.eu/2nd-call-infosession-20may2020>**

The original email with an agenda for the webinar is attached.

**2. DG RTD seeks input for upcoming Green Deal calls**

DG RTD has published draft call texts related to the Green Deal on this website, and asks for feedback for their finalisation by 3 June (the call will open in September). This call is rumoured to be an indication to what the R&I mission calls will look like in Horizon Europe:

"Projects are expected to deliver tangible and visible results relatively quickly and show how research and innovation can provide concrete solutions for the Green Deal main priorities. This is why the call will support

- pilot applications, demonstration projects and innovative products
- innovation for better governance of the green and digital transition
- social and value chain innovation

In addition to technological development and demonstration, the call encourages experimentation and social innovation for new ways to engage civil society and empower citizens."

You can access the draft call texts here: [https://ec.europa.eu/info/research-and-innovation/strategy/european-green-deal/call\\_en&pk\\_campaign=rtd\\_news](https://ec.europa.eu/info/research-and-innovation/strategy/european-green-deal/call_en&pk_campaign=rtd_news)

Best regards,

**Sarika Wilson**
