KEMIJSKI  
INŠTITUT

The University of Ljubljana, Jožef Stefan Institute, National Institute of Chemistry and Research Centre SAZU, kindly invite you to the on-line workshop:

**Writing successful ERC project proposal  
starting Tuesday, October 6, 2020**

Workshop is intended for all researchers who are planning to submit ERC project proposal for the next call of the European Research Council (ERC). The objective of the workshop is writing winning ERC proposal through understanding of the evaluation process and analysis of the project proposal.

Workshop includes two live webinars and video tutorials, which you can follow at your own pace. First live seminar is scheduled for October 6th, the date of the concluding seminar will be communicated later. For more information please see attached leaflet with the agenda.

Workshop will be held by Mrs Lotte Jaspers from Yellow Research, internationally established agency for training and advising for ERC projects. Workshop will be held in English.

**The workshop is for registered participants only.**

**If you wish to attend the workshop, please register until September 25 on the following link: <https://www.1ka.si/a/296907>**

Yours sincerely,  
University office for research
