RESEARCH PROFESSIONAL

Univerza v Ljubljani plačuje naročnino za Research Professional, informacijsko platformo, ki se ponaša z največjo bazo odprtih razpisov na svetu. V bazo je vključenih več kot 12.000 financiranj, ki dnevno objavijo več kot 350 **razpisov za raziskovanje, razvoj, izobraževanje, raziskovalne infrastrukture, potne stroške, nagrade in druge z raziskovanjem povezane možnosti**. Vsi raziskovalci, študentje in ostali zaposleni Univerze v Ljubljani imate **brezplačno možnost uporabe** omenjene platforme, preko katere si lahko nastavite svoje iskalne kriterije (znanstveno področje, tip dotacije, vir financiranja, rok prijave, višina financiranja itd.) ter iskalno nastavitve shranite. Tako lahko shranite neomejeno število

iskanj in si nastavite možnost »ALERT«, s katero boste vsak petek prejeli tedensko svež elektronski izbor razpisov, ki ustrezajo vašim vnaprej nastavljenim iskalnim preferencam.

Spletna stran: <https://www.researchprofessional.com/>

Uporabnik se lahko registrira na naročniško verzijo programa samo iz računalnikov, ki so znotraj univerzitetnega omrežja. Preko gumba »REGISTER« (desno zgoraj) si izberete uporabniško ime in geslo. Če želite uporabljati program izven univerzitetnega računalniškega omrežja, morate biti registrirani, saj se vam pojavi samo možnost »SIGN IN«, ne pa »REGISTER«. V kolikor potrebujete dodatne informacije prosim sporočite na euprojekti@uni-lj.si.

NOVO: Omogočen tudi oddaljen dostop do Research Professional

Na platformo se povežete tako, da uporabite spodnjo povezavo in nato vstavite podatke za prijavo: <https://www.researchprofessional.com/site/uoljubjana>

Če naletite na težave pri dostopu do storitve, se obrnite na podporni tim Research Professional prek obrazca za podporo:

<https://supportcase.exlibrisgroup.com/s/rp>

PLATFORMA CROWDHELIX

Platforma CROWDHELIX je namenjena povezovanju akademskih institucij in podjetji pri oblikovanju kompetitivnih konzorcijev za pripravo projektov na razpise programa Obzorje 2020. Na platformi, ki je razdeljena na različna tematska področja (*helixes*), lahko objavite vaše interese po sodelovanju ali pa poiščete že obstoječe iniciative oziroma konzorcije, ki iščejo partnerje z določeno ekspertizo. Trenutno je na platformi objavljenih 444 priložnosti z več kot 2200 uporabniki iz 287 aktivnih organizacij.

Univerza v Ljubljani plačuje letno članarino, zato se lahko raziskovalci in raziskovalke UL registrirajo brezplačno preko povezave: <https://www.crowdhelix.com/signup>

Kratek pregled platforme in njenih funkcionalnosti:

- Iskanje partnerskih ponudb po tematskih področjih
- Povezovanje akademskih institucij s podjetji
- Iskanje drugih priložnosti za sodelovanje
- Objava in iskanje tematskih dogodkov
- Izmenjava mnenj in priložnosti

Povezava: <https://www.crowdhelix.com/>

Novo: CROWDHELIX je za iskanje partnerjev v projektih na temo COVID-19 vzpostavil posebno platformo: <https://sciencebusiness.net/framework-programmes/news/crowdhelixlaunches-open-access-match-making-platform-covid-19>

OBJAVLJENI RAZPISI**GENERALNI DIREKTORAT ZA OKOLJE**

LIFE – preparatory projects	
Več informacij:	Spletna stran razpisa
Rok prijave:	13.11.2020
Opis:	<p>The Directorate-General for the Environment invites proposals for its call for preparatory projects, under the LIFE programme's environment and climate action sub-programmes. This supports projects that address specific needs for the development and implementation of EU environmental or climate policy and legislation. Projects should address the following needs:</p> <ul style="list-style-type: none">• support for the development of a product environmental footprint category rule on apparel and footwear, worth up to €365,000 – projects must be finalised by 2022;• support for the development of a product environmental footprint category rule on cut flowers and potted plant, worth up to €350,000 – projects must be finalised by 2022;• support for the development of a product environmental footprint category rule on flexible packaging, worth up to €115,000 – projects must be finalised by 2022;• support for the development of a product environmental footprint category rule on synthetic turf, worth up to €110,000 – projects must be finalised by 2022;• enabling carbon farming via an improved knowledge system, worth up to €2 million over one year to 18 months. <p>Applicants may be public bodies, private commercial organisations or private non-commercial organisations based in an EU member state. Associated beneficiaries of a project may be legally registered outside the EU, provided that the main applicant is based in the EU. The projects must take place in the territory of the EU member states.</p> <p>Projects may receive up to 60 per cent of the eligible project costs.</p>
Proračun:	2.000.000 EUR

GENERALNI DIREKTORAT ZA NOTRANJI TRG, INDUSTRIJO, PODJETNIŠTVO TER MALA IN SREDNJA PODJETJA

Clusters go international, defence and security sector – COS-CLUSINT-2020-3-01 single stage	
Več informacij:	Spletna stran razpisa
Rok prijave:	2.12.2020

Opis:	<p>The Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs, under its programme for the competitiveness of enterprises and SMEs (COSME), invites proposals for its clusters go international – defence and security sector call. This supports the first implementation, testing and further development or up to two European strategic cluster partnerships for going international in the defence and security sector, with a focus on dual use technologies. The following actions are mandatory:</p> <ul style="list-style-type: none"> • development and signature of cooperation agreements between the partnership and international business or research intermediaries in the target countries; • development and signature of business agreements to develop joint collaborative projects between partnership SME members and business and other relevant stakeholders from third countries, leading to increase exports, investment opportunities and international ventures generating employment for European business in target countries; • undertaking the necessary steps to make business agreements commercially viable; • preparation of a long-term strategy for the partnership with a medium to long-term cooperation agenda by involving the different stakeholders with the aim to foster the partnership sustainability; • dissemination about all project activities, news, events, testimonials and results to be channelled through the dedicated partnership section of the European cluster collaboration platform; • learning and monitoring activities, such as promoting exchanges between partnerships and enabling cross-fertilisation and learning from their successful and unsuccessful experiences as well as monitoring activities measuring the outcomes of the partnership based on a clear set of performance indicators. <p>Consortia composed of at least three different legal entities established in three different EU member states may apply. Applicants must be registered or have submitted a registration on the ECCP by the submission deadline.</p> <p>The total budget is worth €900,000 to provide two grants worth up to €450,000 covering up to 90 per cent of eligible costs of projects lasting between 18 and 24 months.</p>
Proračun:	900.000 EUR

OSTALI RAZPISI

Research mobility fellowships	
Več informacij:	Spletna stran razpisa
Rok prijave:	13.11.2020

Opis:	<p>The European Joint Programme on Rare Diseases, together with the European Reference Networks, invites applications for its research mobility fellowships. These support PhD students and medical doctors working in ERN-member institutions to undertake short scientific visits outside their countries of residence and within one of the ERN host institutions.</p> <p>Applicants must be PhD students with a minimum of one year research experience, or physicians having finished their first year of specialist training. They must be affiliated with an ERN full member or an ERN-affiliated partner institution at the time application, as well as during the proposed period of the training stay. The host institution must be a full or affiliated member of an ERN at the time of application as well as during the proposed period of the training stay.</p>

EIT raw materials – start-up and SME booster call	
Več informacij:	Spletna stran razpisa
Rok prijave:	23.10.2020
Opis:	<p>The European Institute of Innovation and Technology, through its RawMaterials programme, invites applications for its start-up and SME booster call. This supports the development of innovative products and services that can produce impact in the raw materials sector or benefit EIT partners. The focus of this round is on the following topics:</p> <ul style="list-style-type: none"> • exploration and raw materials resources assessment; • mining in challenging environments; • increased resource efficiency in mineral and metallurgical processes; • recycling and material chain optimisation for end-of-life products; • substitution of critical and toxic materials and for optimised performance; • design of products and services for the circular economy. <p>For this call, EIT is seeking companies developing solutions dealing with sustainable materials for future mobility, as well as raw materials and circular societies. Start-ups registered at the time of application and younger than five years, as well as SMEs who began operations less than five years ago and are willing to boost their business through the introduction of new and innovative products may apply. Applicants must have an operative branch in one of the EU member states or H2020-associated countries.</p> <p>Funding is worth up to €60,000 for up to one year.</p>
Proračun:	60.000EUR

Fight kids cancer programme	
Več informacij:	Spletna stran razpisa
Rok prijave:	6.12.2020

Opis:	<p>Imagine for Margo – Children without Cancer, KickCancer and Fondatioun Kriibskrank Kanner invite applications for their fight kids cancer programme. This aims to catalyse and support pan-European innovative and relevant research initiatives in paediatric cancer. Projects may aim to develop new therapies that improve the outcome for all children and adolescents with cancer. There are two categories of projects: early phase clinical trials conducted in at least two countries, and translation research projects to identify novel mechanisms of action and targets that may result in innovative new therapies or better models of disease. Pre-clinical projects including high-risk/high return proposals, or projects that leverage paediatric tumour models, will be considered. Multi-disciplinary or multi-institution collaborations are strongly encouraged.</p> <p>The lead institution must be an eligible research organisation located in an eligible country. Other project partners can be from related fields of expertise, provided they operate as not-for-profit. Partners from countries not listed as eligible are permitted, provided they are not delivering a core component of the project upon which major activities are dependent; such partners should plan to leverage complementary funding.</p> <p>The total budget is €3 million to fund up to two early phase clinical trials worth up to €1.5m per project for three years, and up to three translational research projects worth up to €500,000 per project for two years.</p>
Proračun:	3.000.000 EUR

TENDERJI

Članice se na razpise “tenders” prijavljajo samostojno, saj se izvajajo po naročilu in so v celoti financirani na podlagi zbiranja ponudb oziroma javnih naročil.

TENDER - Implementation and further development of the European Tertiary Education Register	
Več informacij:	Spletna stran razpisa
Rok prijave:	1.12.2020
Opis:	<p>The Directorate-General for Education, Youth, Sport and Culture invites tenders for the implementation and further development of the European Tertiary Education Register. The tenderer will support the continued implementation whilst improving the participation of higher education institutions, comparability of variables, harmonisation of data definitions and improving the quality of data. A feasibility assessment will be conducted to integrate new data sets to strengthen ETER to support the needs of the development of the European Education Area.</p> <p>Legal and natural persons based in EU member states may submit bids.</p> <p>The contract is worth €1.5 million over 36 months.</p>
Proračun:	1.500.000 EUR

TENDER - Providing technical assistance to municipalities implementing sustainable solutions with the view to alleviating energy poverty

Več informacij:	Spletna stran razpisa
Rok prijave:	26.10.2020
Opis:	<p>The Directorate-General for Energy invites tenders for technical assistance to municipalities implementing sustainable solutions with the view to alleviating energy poverty. The tenderer will set up and operate a Brussels advisory hub providing technical assistance to municipalities planning a variety of measures to tackle energy poverty in the pursuit of a just and fair transition. They will also provide further development and maintenance of the Energy Poverty Observatory website as a database for energy poverty indicators and data and the website's migration to the EUROPA domain.</p> <p>Legal or natural persons based in EU states or authorised countries under the WTO procurement agreement may submit bids.</p> <p>The contract is worth €3.8 million over four years.</p>
Proračun:	3.800.000 EUR

TENDER Survey on urban transport in the aftermath of the COVID-19 outbreak	
Več informacij:	Spletna stran razpisa
Rok prijave:	3.11.2020
Opis:	<p>The Joint Research Centre invites tenders to undertake a survey on urban transport in the aftermath of the COVID-19 outbreak. Tenderers will undertake a survey on urban transport in the aftermath of the COVID-19 outbreak, covering the perceived risks, changes in mobility patterns and modal choice determinants. The objective is to provide data collection for several EU cities based on a survey covering mode choice, attitudes and perceptions of travellers towards existing mobility options for urban transport, including commuting to the workplace, in an extended or functional urban area.</p>
Proračun:	200.000 EUR

PONUDBI ZA PARTNERSTVO

Green Deal Call - partner search from PL - Łukasiewicz Research Network	
Več informacij:	Spletna stran razpisa
Rok prijave:	3.11.2020

Opis:	<p>Dear colleagues,</p> <p>I was asked by my good colleague – Ewa Lange from Business & Science Poland, whom some of you might know quite well already –to share with you the following partner search / expression of interest offers in regard to the EU Green Deal call. These 3 files come from the Łukasiewicz Research Network– Wood Technology Institute and are focus on 3 priorities:</p> <p>Area 4: Energy and resource efficient buildings</p> <p>Area 7: Restoring biodiversity and ecosystem services</p> <p>Area 8: Zero-pollution, toxic-free environment; Topic 1: Innovative, systemic zero-pollution solutions to protect health, environment and natural resources from persistent and mobile chemicals)</p> <p>Feel free to circulate these among your clients.</p> <p>More in the attachment to the email.</p> <p>Assoc. Prof. Dr. Draško Veselinovič President of the Management Board Predsednik Upravnega odbora</p>

Call for applications for Horizon 2020 Programme / Joint applications by Turkish and Slovenian institutions	
Več informacij:	Spletna stran razpisa
Opis:	<p>Dear Madam/Sir,</p> <p>We would like to bring to your attention that the call for applications for European Green Deal has been published. It is the last call of the Horizon 2020 Programme and has a total budget of 1 billion Euros. The call focuses on European Green Deal and accepts applications on this issue (mainly projects on energy, climate change, environment, conservation, innovation, R&D, etc.). The applications can be submitted until 26 January 2021.</p> <p>The links of the aforementioned calls can be accessed on https://ufuk2020.org.tr/en/node/4009</p> <p>Universities, research centres, researchers, public institutions, international organisations, non-governmental organisations, small and medium enterprises can apply to the said call by their projects (3 partners from the programme countries, including Turkey, are necessary).</p> <p>As Turkish Embassy in Ljubljana, we would like to encourage you for establishing collaboration with your counterparts in Turkey and apply for the applications jointly. We believe that this will increase cooperation between Turkish and Slovenian institutions and increase the likelihood of the acceptance of the projects.</p> <p>Please consider applying the abovementioned applications with institutions from Turkey.</p> <p>If you need assistance regarding finding a suitable institutions in Turkey, please let us know.</p> <p>For this purpose, you can e-mail to the contact person at the Embassy, Counsellor Mr. Doğan Güneş (dogan.gunes@mfa.gov.tr / Office (secretariat): 01 236 41 50 / Office (direct): 01 236 41 55)</p> <p>Kind regards</p>

	Turkish Embassy Ljubljana

NOVICE

➤ **Novi dokumenti za program Obzorje Evropa 2021-2027**

Na Intranetu UL objavljamo zadnje verzije osnutkov delovnih programov, prezentacije in druge dokumente glede novega programa Obzorje Evropa.

Povezava: <https://intranetul.uni-lj.si/evropskiprojekti/Obzorje2020/SitePages/Domov.aspx>

Med novo dodanimi dokumenti so tokrat:

- HE Widening WP 2020-21 draft
- CLUSTER 4 digital, industry and space
- CLUSTER 5 climate, energy and mobility
- CLUSTER 6 food, bioeconomy, natural resources, agriculture, environment
- CLUSTER 3 civil security for society
- CLUSTER 1 health comparison
- Research Infrastructures 20 July WP draft.

➤ **Odperta znanost 2020: serija štirih e-dogodkov v mednarodnem tednu odprtega dostopa**

Po uspešnih izvedbah dogodka Odperta znanost v [Ljubljani v letu 2018](#) in v [Mariboru v letu 2019](#) bomo v Mladi akademiji tudi letos organizirali podoben dogodek, vendar preko spleta. Tudi tokrat bo potekal v okviru [Meseca znanosti](#), ki ga organizira Ministrstvo za izobraževanje, znanost in šport, in sicer v obliki štirih e-dogodkov v [tednu odprtega dostopa](#) od 19. do 22. oktobra, v času od 18:00 do 19:30.

Osredotočili se bomo na štiri teme: **Načrt S, reproducibilnost, Evropski oblak odprte znanosti in vrednotenje raziskovalne dejavnosti**. Prvi trije dogodki bodo v obliki seminarja, zadnji pa bo okrogla miza. Dogodke si bo možno ogledati v živo na YouTube. Če želite prejeti opomnik o začetku dogodka, se naročite na [YouTube kanal Mlade akademije](#).

➤ **Milestone in UNESCO's development of a global recommendation on Open Science**

Following an extensive global consultation, UNESCO on 30 September submitted a draft recommendation on Open Science to its 193 Member States, a major step in facilitating international cooperation and universal access to scientific knowledge.

As of December 2019, UNESCO set up a partnership for Open Science bringing together science academies, universities, young researchers, libraries, and publishers, in line with the road map adopted during the Organization's 40th General Conference in November 2019. The Organization also mandated an Advisory Committee of 30 experts from all over the world to prepare a preliminary draft Recommendation on Open Science after a global consultation with experts, members of the public, nongovernmental organizations and agencies of the United Nations. (...)

➤ **[BREXIT] Webinars : UUKi et British Council**

End of the transition period: What do universities need to know to prepare?

28 October from 14.00 – 15.00 GMT

[Universities UK International](#) and the [UK Science and Innovation Network](#) would like to welcome you back for another webinar on the UK's departure from the EU. In our last instalment in February we discussed what the Withdrawal Agreement and the transition period meant for higher education institutions. That transition period is coming to an end and over the next few weeks, the likely path ahead will become clearer. This webinar will walk through the different possible scenarios that are emerging, and most importantly, what universities in the UK and in the EU need to do by the end of the year to prepare for any outcome.

The live webinar will air on 28 October from 14.00 – 15.00 GMT. [Please register here.](#)

More: <https://www.universitiesuk.ac.uk/events/Pages/End-of-the-transition-period-What-do-universities-need-to-know-to-prepare.aspx>

**Immigration rules in the UK from 1 January onwards: What universities and students need to know
Tuesday 3 November, from 14.00 – 14.45 GMT**

Harry Anderson, Policy Manager, Universities UK

From 01 January 2021, the UK's new points-based immigration system will come into effect. In this webinar we will give an overview of the key changes coming into effect before running through some examples of what the new rules mean in practice for researchers; EU students coming the UK for full degree courses; short term study mobility and work placements through Erasmus+; as well as the situation for those in the UK wanting to study abroad.

The webinar will air live on Tuesday 3 November, from 14.00 – 14.45 GMT. [You can register here.](#)

Preparing for UK domestic alternatives to Horizon Europe

Wednesday 4 November, from 14.00 – 15.00 GMT

Peter Mason, Policy Manager, Europe (Research and Innovation), Universities UK International

The transition period is coming to an end and there is still much uncertainty about the future relationship between the UK and the EU. This webinar aims to help higher education institution prepare for the possible scenario in which there is no negotiated Free Trade Agreement between the UK and the EU by 1 of January 2021. What does this mean for running Horizon 2020 project? What does this mean for UK's association to Horizon Europe? What kind of domestic alternatives are being develop? And most importantly, what do higher education institutions need to do to prepare?

The webinar will air live on Wednesday 4 November, from 14.00 – 15.00 GMT. [You can register here.](#)

More: <https://www.universitiesuk.ac.uk/events/Pages/The-consequences-for-research-if-there-isn%E2%80%99t-an-agreement-on-the-future-UK-EU-relationship.aspx>

Erasmus+ and preparing for the end of the transition period

Thursday 5 November, from 14.00 – 15.00 GMT

Anne-May Janssen, Head of European Engagement, Universities UK International

The transition period is coming to an end and there is still much uncertainty about the future relationship between the UK and the EU. This webinar aims to help higher education institutions prepare for the end of the transition period in case we have a no-negotiated outcome. We will discuss what will be put in place instead of Erasmus+, whether it is needed as a short-term bridge to full association or a long-term solution to non-association. We will summarise what has already been confirmed about the domestic alternative, discuss some of the open questions, and consider the timetable for implementation.

The webinar will air live on Thursday 5 November, from 14.00 – 15.00 GMT. [You can register here.](#)

More: <https://www.universitiesuk.ac.uk/events/Pages/Erasmus--and-preparing-for-the-end-of-the-transition-period.aspx>

Future UUKi conferences

- [Go International conference 2020: the future of mobility](#)

26 November 2020

Includes sessions on international mobility crisis management, sustainable mobility, creating meaningful European partnerships, and the Erasmus+ successor programme.

➤ Sporočilo Evropske komisije o novem evropskem raziskovalnem prostoru in nov akcijski načrt za digitalno izobraževanje

Evropska komisija je sprejela sporočilo o novem evropskem raziskovalnem prostoru za raziskave in inovacije in nov akcijski načrt za digitalno izobraževanje. V sporočilu o novem raziskovalnem prostoru je določila strateške cilje in ukrepe, ki jih je treba izvajati v tesnem sodelovanju z državami članicami in katerih namen je dati prednost naložbam in reformam na področju raziskav in inovacij, izboljšati dostop raziskovalcev po vsej EU do odličnosti in omogočiti, da rezultati raziskav dosežejo trg in realno gospodarstvo. Namen akcijskega načrta za digitalno izobraževanje je vzpostaviti visoko zmogljiv ekosistem digitalnega izobraževanja.

Sporočilo o novem evropskem raziskovalnem prostoru

Podpora EU raziskavam in inovacijam je predvidena v različnih programih, kot so Obzorje Evropa, kohezijska politika in Next Generation EU. V okviru strateškega cilja Dati prednost naložbam in reformam na področju raziskav in inovacij Evropska komisija ponavlja cilj, da je treba 3 odstotke BDP nameniti raziskavam in inovacijam EU. Določila je še cilj, da bi bilo treba do leta 2030 5 odstotkov nacionalnega javnega financiranja nameniti skupnim raziskovalnim in razvojnim programom ter evropskim partnerstvom.

V okviru cilja Izboljšati dostop do odličnih objektov in infrastruktur za raziskovalce po vsej EU Evropska komisija predlaga, da države članice, ki zaostajajo za povprečnimi naložbami v raziskave in inovacije v EU glede na BDP, svoja prizadevanja usmerijo v povečanje svojih naložb za 50 odstotkov v naslednjih

petih letih. V okviru cilja Prenesti rezultate v gospodarstvo Evropska komisija namerava preučiti možnost razvoja okvira za mreženje, ki bo temeljil na obstoječih subjektih in zmogljivostih, kot so centri odličnosti ali vozlišča za digitalne inovacije, da bi do leta 2022 olajšala sodelovanje in izmenjavo najboljših praks.

V okviru cilja Okrepiti mobilnost raziskovalcev ter prosti pretok znanja in tehnologij z več sodelovanja med državami članicami, da se vsem zagotovijo koristi raziskav in njihovih rezultatov namerava Evropska komisija do konca leta 2024 v partnerstvu z državami članicami in raziskovalnimi organizacijami pripraviti zbirko orodij za podporo poklicne poti raziskovalcev.

Akcijski načrt za digitalno izobraževanje

Akcijski načrt ima dve dolgoročni strateški prednostni nalogi. Prva je spodbujati razvoj visoko zmogljivega ekosistema digitalnega izobraževanja in druga krepiti digitalne kompetence za digitalno preobrazbo. Evropska komisija je napovedala, da bo za tesnejše sodelovanje in izmenjavo v digitalnem izobraževanju na ravni EU ustanovila evropsko vozlišče za digitalno izobraževanje, ki bo spodbujalo sodelovanje in sinergije med področji politike, relevantnimi za digitalno izobraževanje. Poleg tega namerava vzpostaviti tudi mrežo nacionalnih svetovalnih služb ter okrepila dialog med javnimi in zasebnimi deležniki.

➤ Marie Skłodowska Curie v Obzorju Evropa 2021-2022

Znani so že prvi osnutki programa MSCA in osnutki razpisov v Obzorju Evropa za leti 2021 – 2022.

Call - MSCA Doctoral Networks 2021 : Opening: 04 May 2021, Deadline(s): 16 Nov 2021

Call - MSCA Doctoral Networks 2022 : Opening: 03 May 2022, Deadline(s): 15 Nov 2022

Call - Postdoctoral Fellowships 2021 : Opening : 14 April 2021, Deadline : 15 Sep 2021

Call - Postdoctoral Fellowships 2022 : Opening : 14 April 2022, Deadline : 14 Sep 2022

Call - MSCA Staff Exchanges 2021: Opening: 15 Apr 2021, Deadline(s): 22 Sep 2021

Call - MSCA Staff Exchanges 2022: Opening: 31 Mar 2022, Deadline(s): 29 Sep 2022

Posebne spremembe v programu Horizon Europe s področja programa MSCA doktorske mreže
Skupni prispevek EU za ukrepe doktorskih mrež MSCA je omejen na največ 360 človek-mesecev.
Za industrijske ali skupne doktorske programe lahko prispevek EU doseže največ 540 človek-mesecev,
da se še bolj spodbudi razvoj teh shem.

Omejitev ponovne oddaje: Vsi predlogi bodo morali navesti, ali so ponovno predloženi s prejšnjega
razpisa za doktorska omrežja MSCA v okviru programa Obzorje Evropa.
Predlogi, oddani na prejšnji razpis za doktorske mreže MSCA v okviru programa Horizon Europe in z
oceno manj kot 80%, ne bi smeli biti ponovno predloženi naslednje leto.

Podoktorske štipendije MSCA: meja v "znanstveni dobi": Ob izteku roka za razpis morajo imeti podprti
raziskovalci največ 6 let delovnih izkušenj (ekvivalentno polnemu delovnemu času) na področju
raziskav, merjeno od datuma, ko je bil raziskovalec pridobil doktorat, potrjen z ustreznimi dokumenti.
Dolgoletne izkušnje zunaj raziskav in prekinitev poklicne poti (npr. Zaradi starševskega dopusta) ne
bodo upoštevane. Za državljane ali rezidente držav članic EU ali pridruženih država Horizon Europe, ki
se želijo ponovno vključiti v raziskovalno kariero v državah članicah EU ali pridruženih državah Horizon
Europe, leta izkušenj v tretjih državah ne bodo upoštevana v zdornji maksimum.

V kolikor bi želeli pridobiti osnutek delovnega programa, prosim kontaktirajte SBRA ali Univerzitetno
službo za rzaiskovalno dejavnost Univerze v Ljubljani.

➤ **Na voljo so posnetki razprav s konference o financiranju inovativnih čistih tehnologij**

Evropska komisija je objavila posnetke razprav s prve konference o financiranju inovativnih čistih
tehnologij, in sicer Kako privabiti vlagatelje v čiste tehnologije in kako lahko pomaga inovacijski sklad.
Člani lahko dobijo več informacij o možnostih za financiranje inovativnih čistih tehnologij s sredstvi EU
na SBRA.

➤ **Pismo o nameri za tesnejše sodelovanje med EIC in EIT**

Podpisano je pismo o nameri za tesnejše sodelovanje med Evropskim svetom za inovacije (EIC) in
Evropskim inštitutom za inovacije in tehnologije (EIT) z namenom zagotoviti čim večjo podporo
prelomnim inovatorjem in podjetnikom. Člani lahko dobijo več informacij na SBRA.

➤ **Obstaja znatno tveganje, da EU ne bo dosegla ciljev glede recikliranja plastične embalaže**

Obstaja znatno tveganje, da EU ne bo dosegla svojih ciljev glede recikliranja plastične embalaže, ki si jih je zadala do leta 2025 in 2030, opozarjajo revizorji Evropskega računskega sodišča. Potrebni so pomembni in usklajeni ukrepi, če želi EU do leta 2030 skoraj podvojiti količino odpadne plastične embalaže, ki jo reciklira.

➤ **Evropska komisija je sprejela gospodarski in naložbeni načrt za Zahodni Balkan**

Evropska komisija je sprejela gospodarski in naložbeni načrt za Zahodni Balkan. Cilj načrta je podpirati dolgoročno gospodarsko okrevanje regije ter zeleni in digitalni prehod ter spodbujati regionalno povezovanje in zблиževanje z Evropsko unijo. Komisija je hkrati predstavila smernice za izvajanje zelene agende za Zahodni Balkan, ki naj bi bila sprejeta na vrhu o Zahodnem Balkanu novembra 2020 v Sofiji. Člani lahko dobijo več informacij na SBRA.

Načrt določa deset vodilnih naložbenih pobud za podporo pomembnejšim cestnim in železniškim povezavam v regiji, obnovljivi energiji in prehodu s premoga, prenovi javnih in zasebnih stavb za povečanje energijske učinkovitosti in zmanjšanje emisij toplogrednih plinov, infrastrukturi za ravnanje z odpadki in odpadno vodo ter vzpostavitvi širokopasovne infrastrukture. Druge vodilne pobude vključujejo povečanje naložb v zasebnem sektorju za spodbujanje konkurenčnosti in inovativnosti, zlasti malih in srednjih podjetij, ter jamstvo za mlade.

Evropska komisija je sprejela tudi širitveni sveženj 2020 oziroma letno oceno izvajanja temeljnih reform v državah Zahodnega Balkana in Turčiji. Te ocene spremljajo priporočila in smernice za prednostne reforme. Evropska komisija je predstavila še predlog za izboljšanje procesa pristopa k EU, da bi ta postal bolj verodostojen, politično usmerjen, dinamičen in predvidljiv.

➤ **Evropska komisija je objavila poročilo o izzivih za vzpostavitev okolja za inovacije prek programa Obzorje Evropa**

Evropska komisija je objavila poročilo A Robust Innovation Ecosystem for the Future of Europe. V njem so navedeni izzivi, potrebe in prednostne naloge, pobude deležnikov za delovni program Evropski ekosistemi za inovacije na podlagi novega programa za raziskave in inovacije Obzorje Evropa, ki ga Evropska komisija namerava predstaviti v začetku leta 2021. Člani lahko več informacij o programu Obzorje Evropa min predvidenih ekosistemih za inovacije dobijo na SBRA.

V poročilu so izzivi združeni v tri glavne stebre, ki so povezljivost, kompetence in talent ter kapital. Nekateri izzivi zadevajo vse tri stebre, zato so navedeni kot medsektorski izzivi.

Povezljivost med deležniki na lokalni ravni in čez meje je eden od glavnih izzivov za mnoge deležnike. Da bi Evropa lahko v popolnosti izkoristila svoje zmogljivosti za inovacije, je treba prek boljšega in pogostejšega mreženja in usposabljanja novincev izboljšati povezave velikih podjetij in zagonskih podjetij z univerzami ter raziskovalnimi in tehnološkimi organizacijami.

Ključno za izboljšanje kompetenc je, da je treba razviti široko razumevanje, kaj se dogaja v inovacijskem ekosistemu in kako se ta razvija skozi čas. Vsi deležniki izpostavljajo potrebo po več in boljšem informiranju o vseh procesih inoviranja.

Ko govorimo o kapitalu, se je EU v zadnjih letih osredotočila na korporativne podjetniške pospeševalnike (scaleup companies). Ob tem je pomembno ohraniti celovit pogled na financiranje ekosistema. Ob tem, ko so korporativni podjetniški pospeševalniki prioriteta, je pomembno ohraniti vlaganja v mlada podjetja in inovativne pilotne projekte v javnem sektorju.

Ključno pri medsektorskih izzivih je zmanjšanje administrativnih ovir s poenostavitvijo zakonodaje ter novimi potmi razvoja javnih naročil na področju inovacij.
