Naslovne novice

Delovati je začel Evropski sklad za socialne inovacije in učinek

Delovati je začel Evropski sklad za socialne inovacije in učinek (ESIIF). Jamstvo zanj bo zagotovljeno s programom EU za zaposlovanje in socialne inovacije (EaSI), upravljal pa ga bo Evropski investicijski sklad (EIF). Cilj sklada je prek povezovanja vlagateljev s socialnimi podjetji zapolniti vrzel v financiranju, s katero se socialna podjetja pogosto srečujejo. Financiranje iz sklada naj bi koristilo socialnim podjetnikom, ki se osredotočajo na reševanje perečih problemov na področjih, kot so izobraževanje, hrana, zdravstvo in socialne storitve. Člani lahko dobijo več informacij na SBRA.

Objavljeni so posodobljeni načrti dela za evropske prometne koridorje omrežja TEN-T

Evropska komisija je objavila devet posodobljenih načrtov dela za evropske prometne koridorje na omrežju TEN-T. Ti načrti dela so podlaga za graditev koridorjev osrednjega omrežja do leta 2030. To je ciljno leto za dokončanje osrednjega omrežja. Načrte dela za posamezne koridorje so pripravili koordinatorji v sodelovanju z državami članicami skozi katere potekajo posamezni koridorji. Vključujejo sedanje stanje infrastrukture in projekte, ki jih je še treba izvesti. Člani lahko dobijo več informacij na SBRA.

Projekt PRO-METROFOOD lahko pripomore k zagotovitvi varne in kakovostne hrane

Inštitut Jožef Stefan, ki je član SBRA, je sodeloval v evropskem projektu PRO-METROFOOD. Evropska komisija ta projekt predstavlja kot zgled, ker so partnerji vzpostavili mednarodno raziskovalno mrežo, ki se je sposobna soočiti z današnjimi raziskovalnimi izzivi za zagotovitev kakovostne, varne in sledljive hrane. V tej mreži sodeluje 2500 raziskovalcev iz 18 evropskih držav. V okviru projekta PRO-METROFOOD so raziskovalci razvili tri prototipe »referenčnih materialov za hrano« ali merilnih standardov.

Rešitve za učinkovitejšo izrabo biomase za pridobivanje toplote in električne energije

Rešitve za pametna mesta, ki so jih razvili partnerji v evropskem projektu BIGCLOUT, že koristijo prebivalcem mest v Evropi in na Japonskem, prek neprofitne organizacije Urban Technology Alliance se število končnih uporabnikov na globalni ravni ves čas povečuje. Javne službe, lokalna podjetja in državljani bodo z orodji, ki so bila razvita v okviru projekta, kmalu začeli oblikovati svoje lastne aplikacije, ekosisteme za inoviranje in poslovne modele.

Razpisi

European cluster excellence programme with ClusterXchange scheme connecting ecosystems and cities – COS-CLUSTER-2020-3-03	
	Spletna stran razpisa
Rok prijave:	20.2.2021
Opis:	The Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs invites applications for its European cluster excellence programme with ClusterXchange scheme connecting ecosystems and cities call. This aims to bring together cluster organisations and other business network organisations from EU member states or countries participating in the EU's Competitiveness of Enterprises and Small and Medium-sized Enterprises (COSME) programme interested in teaming up in European Strategic Cluster Partnerships. This aims to strengthen cluster management excellence and facilitate exchanges and strategic partnering between clusters and specialised ecosystems and cities across Europe, including through implementation of the ClusterXchange mobility scheme. Applicants must be legal entities based in EU member states or countries participating in the COSME programme. They may be for-profit or non-profit legal entities as well as fully or partly public or private bodies. Consortia must be composed of at least three different legal entities which are established in a minimum of three different EU member states or other countries participating in the COSME programme, and include at least one consortium member representing an organisation established in a region classified as less developed or in transition according to the mapping proposed for structural funds eligibility for the period 2014-2020. All applicants must be registered or have submitted a registration on the European cluster collaboration platform by the submission deadline. The total budget is €6 million to provide 12 grants worth up to €500,000 each for between 20 and 24 months at 75 per cent of eligible costs, or 100 per cent for third parties.
Proračun:	500.000 EUR

NAJAVA RAZPISA - EIT raw materials – start-up and SME booster call	
	Spletna stran razpisa
Rok prijave:	23.1.2021
Opis:	The European Institute of Innovation and Technology, through its RawMaterials programme, invites applications for its start-up and SME booster call. This supports the development of innovative products and services that can produce impact in the raw materials sector or benefit EIT partners. The focus of this round is on the following topics: • exploration and raw materials resources assessment; • mining in challenging environments; • increased resource efficiency in mineral and metallurgical processes; • recycling and material chain optimisation for end-of-life products; • substitution of critical and toxic materials and for optimised performance; • design of products and services for the circular economy. For this call, EIT is seeking companies developing solutions dealing with sustainable materials for future mobility, as well as raw materials and circular societies. Start-ups registered at the time of application and younger than five years, as well as SMEs who began operations less than five years ago and are willing to boost their business through the introduction of new and innovative products may apply. Applicants must have an operative branch in one of the EU member states or H2020-associated countries.

Proračun:	60.000 EUR

Dissemination of ESPON results among the scientific community – call for early career researchers

	Spletna stran razpisa
Rok prijave:	15.12.2020
Opis:	The European Spatial Planning Observation Network invites applications for funding towards the dissemination of results among the scientific community. This supports the uptake of ESPON territorial evidence within the scientific community. PhD students as well as postdoctoral early-career researchers affiliated with a HEI located in an ESPON member country may apply. The total budget is €120,000. A total of 20 contracts worth €6,000 each is available.
Proračun:	120.000 EUR

NAJAVA RAZPISA - LIFE 2020 – proposals from NGOs on the European Green Deal

	Spletna stran razpisa
Rok prijave:	31.3.2021
Opis:	The Executive Agency for Small and Medium-sized Enterprises invites applications for its LIFE 2020 call – proposals from NGOs on the European Green Deal. This aims to reinforce the capacity of NGOs acting at member states' level to mobilise and strengthen civil society participation and contribution to the implementation of the European Green Deal. NGOs acting at member states' level to mobilise and strengthen civil society participation and contribution to the implementation of the European Green Deal may apply. The budget is €12 million and grants are worth up to €300,000 each, covering up to 60 per cent of eligible project costs.
Proračun:	12.000.000 EUR

ISFP-2020-AG-OPC call for proposals on cooperation on property crimes

	Spletna stran razpisa
Rok prijave:	4.2.2021
Opis:	The Directorate-General, through the internal security fund – police, invites proposals for its ISFP-2020-AG-OPC call for fighting organised property crime. This supports activities aiming at boosting the operational activities of law enforcement authorities with regard to the mobile nature of organised property crime, illicit trafficking of cultural goods and other criminal markets, including synergies between them. The following types of activities are eligible: • networking, public-private partnerships, training and exchange programmes and organisation of seminars and workshops; • analytical, monitoring and evaluation activities; • development, dissemination and deployment of new methods or technologies; • development and implementation of tools and toolkits; • acquisition, maintenance and further upgrading of technical, equipment, expertise, secure facilities, infrastructures and related buildings and systems; • studies. Public bodies and non-profit-making entities established in EU member states with the exception of Denmark and the UK may apply as lead applicants or co-applicants. Profit making entities, international organisations and entities established outside of EU member states may apply as co-applicants. Consortia must involve at least two eligible entities established in two different member states. The total budget is worth €2.5 million. Grants are worth at least €250,000 over up to two years.
Proračun:	2.500.000 EUR

ISFP-2020-AG-DRUGS call for proposals on better law enforcement in the area of illicit drug trafficking, in particular cocaine

	Spletna stran razpisa
Rok prijave:	18.3.2021
Opis:	The Directorate-General for Migration and Home Affairs invites proposals for its call on better law enforcement in the area of illicit drug trafficking, in particular cocaine. This supports projects on better law enforcement in the area of illicit drug trafficking. Projects must address at least one of the following priorities: • joint training programmes for law enforcement to enhance the EU's capacity to target drug trafficking, in particular of cocaine; • activities aimed at facilitating the exchange of operational information for capacity building in order to prevent drug-related crime; • investigations and other activities aimed at dismantling storage and production facilities for illicit drugs, in particular of synthetic drugs. Lead and co-applicants may be public bodies or non-profit private entities. Lead applicants must be based in EU member states with the exception of Denmark and the UK. Co-applicants may also be based in Albania, Bosnia and Herzegovina, North Macedonia, Kosovo, Montenegro or Serbia, or international organisations. Applications must involve at least two eligible entities established in two different member states, The total budget is worth €2.5 million. Projects must request at least €250,000 and may last for up to two years.
Proračun:	2.500.000 EUR

Evropski portal naložbenih projektov (EIPP)

SBRA je uradni promotor Evropskega portala naložbenih projektov (European Investment Project Portal – EIPP). Gre za portal, kjer lahko javni in zasebni nosilci projektov s sedežem v EU s svojimi projekti seznanijo morebitne vlagatelje po vsem svetu.
