VENUE: Slovenian Forestry Institute

Večna pot 2, 1000 Ljubljana

**EMPOWERING TOMORROW'S RESEARCH
MANAGERS AND ADMINISTRATORS THROUGH
FORMATION'S MENTORSHIP PROGRAMME**

Public Stakeholder Event of the foRMAtion project

www.formation-rma.eu

Erasmus+

<---- Registration form

ABOUT THE FORMATION PROJECT

foRMAtion - Innovative and smart module for potential Research Managers and Administrators in higher education - is an Erasmus+ project that aims to introduce Research Management and Administration (RMA) training in higher education institutions. In the framework of the project an innovative curriculum and a teaching methodology have been elaborated and tested, complemented by an online textbook and a comprehensive Mentorship Program – a complex set of tools to empower university students as potential research managers by reinforcing their high-level and transversal skills needed for developing and managing excellent European research, innovation and educational projects.

ABOUT THE STAKEHOLDER EVENT

At the next **stakeholder event**, on 21 September in Ljubljana, the focus will be on the foRMAtion Mentorship program. Lessons learnt from the piloting and further RMA mentorship programmes around the world will be assessed, such as the ERA Fellowships - Science Management Programme in Germany, mentorship activities within ARMA and of EARMA, the Odyssey Mentoring Programme of SRAI as well as the Mentorship Programme of the Canadian Association of Research Administrators. We invite all interested experts to join the world café discussion about the potential transfer of the foRMAtion mentorship programme and future cooperation in the frame of the foRMAtion alliances!

The event, hosted by the Slovenian Forestry Institute, is primarily dedicated to leaders, managers, as well as research managers and administrators from research performing organizations and research funding organizations from all over Europe.
