
Grading method

[NTF](#) › [OMM](#) › [Study](#) › [Doctoral Degree](#) › [Materials Science and Engineering](#) › [Other information](#) › [Grading method](#)

Student performance is assessed according to the requirements set out by individual courses. Methods of knowledge assessment are regulated by the Regulations on examinations of the faculties and are approved by their Senates. Students are assessed according to the grading scale determined by the Statute of the University of Ljubljana.
