Selecting external electives

Students have the possibility of selecting 38% of their electives required by the programme (10 credit points) from other master's programmes at the Department of Textiles, Graphic Arts and Design, the FNSE or at other faculties.

Mobility

Students have the possibility of transferring 30 credit points (one study semester, regardless of the obligatory or elective units) from any master's programme in the field of graphic or graphic-related communications activities offered by universities in the CUMULUS network.
