Transfer between study programmes is possible within programmes of the second level of the Textiles Department of the Faculty of Natural Sciences and Engineering and other faculties in accordance with the Higher Education Act, the Criteria for Changing Study Programmes and other regulations.

**For transfer between programmes, the following criteria shall be taken into account:**

- fulfilling the conditions for enrolment in the new study programme;
- the number of places available;
- the years or semesters in the previous study programme in which the student has completed all the work required and which can be credited in full;
- the minimum number of semesters the student will have to complete in order to graduate in the new programme.

**Transfer from master's study programmes:**

For students enrolled in master's programmes at the Textiles Department of the Faculty of Natural Sciences and Engineering (TD FNSE) and related master's programmes (design, architecture and programmes in the CUMULUS network) who meet the conditions to enrol in new master's programmes at the TD FNSE, the work that is still required if they wish to take their master's degree in the new programme shall be specified.

Decisions on changing programmes shall be taken by the Studies Commission of the Faculty of Natural Sciences and Engineering.
