Transfer between programmes will be possible within the first level programmes of the Faculty of Natural Sciences and Engineering and other faculties in accordance with the Higher Education Act and the criteria for transfer between study programmes and other related regulations. Students who enrolled before the introduction of new study programmes, and who have the right to repeat classes but cannot do so according to the programme in which they have enrolled because of the gradual introduction of new study programmes, can join the new programme with equal status to the students in that programme.

Transfer between university study programmes of the first level+

Students in university study programmes at the NTF and related university study programmes of the first level (in the field of design, architecture and programmes in the network CUMULUS) who fulfil the conditions for enrolling in new NTF study programmes will receive a list of the requirements they must fulfil in order to graduate in the new programme.

Transfer between higher education professional study programmes and university programmes of the first level+

Students in higher education professional study programmes at the NTF and related higher education professional study programmes of the first level (in the field of design, architecture and programmes in the network CUMULUS) who fulfil the conditions for enrolling in university study programmes of the first level can, on the basis of presented certificates, transfer to corresponding courses at NTF university programmes. The differential exams that they will have to pass in order to graduate in the new programmes will be determined for them.

Transfer between two-year programmes approved before 1994 and university programmes of the first level+

Graduates of two-year programmes who enrolled before 1994 in related fields of study (on design) and have 3 years of work experience can transfer to the 3rd year.

Transfer between two-year study programmes according to the Vocational and Technical Education Act and university study programmes of the first level+

Transfer to the second year of the university programmes of the first level shall be possible for graduates of two-year study programmes (Vocational and Technical Education Act) from related fields of study (on design) if they fulfil the conditions for enrolment in the university study programme of the first level. The differential exams (Textile Design 1, Fashion design 1, Drawing and Painting 1, Drawing and Painting 2, Digital Design 1, Garment Pattern 1) that they will have to pass before enrolment in the 3rd year will be determined for them.

Transfers between programmes shall be decided by the Study Commission of the Faculty of Natural Sciences.
