We have renewed the study programme **Textile and Clothing Planning (UN)**, which will be introduced in the academic year 2023/24.

## Postgraduate

The changes in study programmes are in line with the guidelines and needs in the industry, they allow for a greater choice among courses and a wider range of courses. The new changes allow for a better cross-disciplinary integration, more specialised course selection, better connection among students through joint projects, and involvement of industry experts.
