

# Weaving lab (L-004)

[NTF](#) › [TOI](#) › [About](#) › [Facilities](#) › [Weaving lab \(L-004\)](#)

The weaving laboratory is equipped with Minifaber electronic jacquard weaving machines (TIS electronic jacquard) with 2200 hooks and up to 24- weft colors. For computer-aided fabric design, two computers with the software CAD / CAM Arahne are available for dobby and jacquard fabrics design and weaving.
